SHAHWAZ HUSSAIN

Kolkata, West Bengal, India | +91 9818604253 | shahwaz.hu23@gmail.com | linkedin.com/in/shahran5

PROFESSIONAL SUMMARY

Cybersecurity professional with progressive experience in vulnerability assessment and penetration testing, including web application security assessment and exposure to mobile and thick-client applications. Experienced in black-box and grey-box web assessments, OWASP Top 10-oriented testing, and documenting findings with CVSS v3 severity scores. Technical familiarity includes Burp Suite, Postman, Nmap, Metasploit, SQLmap, Testssl, Nessus, Kali Linux, and VirtualBox.

CORE SKILLS

Security Assessment: Vulnerability Assessment and Penetration Testing (VAPT); web application security; mobile application assessment; thick-client assessment

Methodologies: Black-box testing; grey-box testing; OWASP Top 10

Reporting: Security finding documentation; CVSS v3 severity scoring

Tools: Burp Suite; Postman; Nmap; Metasploit; SQLmap; Testssl; Nessus; Kali Linux; VirtualBox

PROFESSIONAL EXPERIENCE

Security Analyst | Apr 2024 – Sep 2025
Net-Square Solutions Pvt. Ltd.
- Conducted vulnerability assessment and penetration testing activities for application security assessments.
- Performed black-box and grey-box web application assessments.
- Assessed web application security with reference to OWASP Top 10.
- Documented security observations and assigned CVSS v3 severity scores.

Associate Security Analyst | Apr 2023 – Mar 2024
Net-Square Solutions Pvt. Ltd.
- Supported VAPT and application security assessment activities.
- Used security testing tools including Burp Suite, Nmap, Metasploit, SQLmap, Testssl, Nessus, and Postman.
- Contributed to security observation documentation and CVSS v3 scoring.

Trainee Security Analyst | May 2022 – Mar 2023
Net-Square Solutions Pvt. Ltd.
- Developed foundational experience in VAPT.
- Gained exposure to web, mobile, and thick-client application security assessment.

Analyst | Sep 2019 – Mar 2021
GlobalLogic Technologies Pvt. Ltd. | Google Shopping project, Google India Ltd.
- Analyzed data from multiple sources and performed data validation using SQL and other tools.
- Pre-processed and manipulated data, validated records, and removed duplicates.
- Generated reports using Excel, SQL, and Google Sheets.
- Received the Ace of the Initiative Award (2020) and Gem Award (2019).

Junior Frontend Developer Intern | Apr 2018 – May 2019
Design Bakers
- Completed an internship in a frontend development role.

EDUCATION

Bachelor of Technology (B.Tech), Information Technology | Jamia Hamdard University | August 2013 – July 2017 | 65.16%

CERTIFICATION

NSCE – Net Square Cyber Security Expert Programme (Certified)

TECHNICAL PROJECT

Zip Code Search and Unit Conversion GUI: Developed Python/Tkinter GUI applications for ZIP-code/area lookup and unit conversion.
